## **ANNOUNCEMENT**

### **Temporary interruption to Visa card e-commerce transactions**

Due to an ongoing essential upgrade to enhance the security of our cards and payment gateway, customers will face interruptions in using BML issued Visa Debit and Credit cards on some international e-commerce merchants. Customers can continue to use their Visa Cards at ATMs and POS machines abroad.

We are working swiftly to resume the service and we will inform our customers once this is completed.

We apologize for any inconvenience and sincerely thank our customers for their patience.
