

ANNOUNCEMENT

Extending cut-off time for International Transfers (TT)

In March this year, the Bank announced positive changes to International Transfer (TT) services on Internet and Mobile Banking which saw the implementation of a more seamless banking experience for customers.

Today, Bank of Maldives is pleased to announce that the closing, or cut-off time, for TTs has been extended from 11:00 hrs to 13:30 hrs. By extending the processing window, customers will have added flexibility and time during the day to initiate international transfer requests for same-day processing.

With the recent changes to International Transfer service on internet banking, customers are able to:

- Attach multiple documents with the request
- Request for USD support for TT purposes
- Choose Account for charges to be deducted
- Receive confirmation once TT is processed with a new format receipt for your reference
